

About Us

As leaders in custom hospitality rugs for over a decade, High Country Rugs revolutionized how you design and procure custom rugs and carpet by creating an award-winning 3D online design studio. Realizing your design with virtual strike-offs saves weeks or months in production time. For stock rugs, they work with the top names in area rugs and carpet as well as the largest and fastest Axminster loom in the United States. Managing weavers in the US and across the Silk Road in real-time from offices in Colorado, their streamlined business model provides the same or better quality as name brands for less. Whether you need custom 13' wide broadloom carpet in a few weeks, or 200 area rugs for guest rooms, they have solutions for every situation.

Save time and money and get exactly what you want every time, call High Country Rugs when you need any type soft floor covering.

Custom Services

High Country Rugs has created custom rugs for the finest hotels, resorts, and private clubs and will help you realize your vision for any contract or hospitality application. Optimized to re-create your art or designs in your specific sizes and colors, custom artwork is available from traditional artists in Asia, digital design gurus, or the most sought after hand-drawn rug illustrators depending on your project's needs.

All materials and constructions are available: wool, silk, viscose, nylon, hand knotted, hand tufted, machine made, broadloom, bath mats, flat weave, loop, cut, hi-lo pile, zero pile, hand spun, machine spun, multi-ply, abrash, ombré and more.

Your imagination is the only limitation.
